

HURRAH!

**You can make
a difference.**

**Volunteers
invited!**

HURRAH!

When you work with the children in our schools, you influence them for the rest of their lives. Your time and expertise are needed in Naperville Community Unit School District 203.

If you volunteer as a partner in the education process, there are many things you can do. If you're retired, you also will be welcomed as a member of HURRAH (Happy Upbeat Retirees [& other] Residents Actively Helping), an organization created by retired educators.

- * Assist a teacher with instructional activities or projects.**
- * Be a tutor, mentor or role model for one or several students.**
- * Become a student's confidant and friend as you read together.**
- * Offer your services as an occasional classroom presenter by signing up with the District 203 Speakers Bureau.**
- * Encourage and reinforce a student's self-esteem by personal attention or academic counseling.**
- * Offer that extra pair of hands that frees a teacher to work with the rest of the class.**

HURRAH!

You're qualified to volunteer in our schools.

As a mature, experienced adult, you do not need any special training to become a successful volunteer. You can select a role

that you enjoy and apply what you've learned from your career, hobbies, family or other interests. The match between your interests and abilities and the needs of the students in the school(s) you

choose to serve will determine your contribution to the education process.

Students become more motivated to learn and less likely to give up or drop out when they have opportunities to work with

✱ **Explain a hobby, describe international travel experiences or discuss history as you've lived it.**

✱ **Help students who speak other languages become fluent in English.**

✱ **Assist in the school learning resource center — help gather information on study topics, supervise individual or small-group activities, assist with checking out materials.**

volunteers. As a volunteer, you, in turn, can find personal satisfaction in helping members of the younger

generation. You can provide support for teachers, help students feel good about themselves, and offer guidance that can become a powerful force in shaping the future of America's youth.

For more information, please contact the Community Relations Office at 630.420.6475.
