

Dear Parents,

"SHOWCASE" Meadow Glens are interdisciplinary programs designed to highlight the children and what they are learning in school.

A "SHOWCASE" is similar to a traditional school performance and includes subject areas from everyday instruction. Combinations of reading writing, physical education,, technology, art, or music will be the focus at specific grade-levels.

The "SHOWCASE" is a time when parents can sample part of the curriculum with their child. Please mark your calendars. We look forward to sharing this time with you and your child.

"SHOWCASE" Meadow Glens  
2006-07
