Nominate An Exceptional Police or Fire Dept. Employee

Employees of the Naperville Police and Fire Departments play an important role in keeping our community safe. They protect our families and educate our children about safety. Frequently, police officers and fire fighters are called upon to help individual families during times of crisis. Many lives have been touched because of their dedication to their vocation and their concern for others.

As a way of saying, "Thank you!" each year CITIZENS APPRECIATE PUBLIC SAFETY (CAPS) recognizes members of the police and fire departments for exemplary service to the community. We honor members of the police department at a special dinner in May, following Law Enforcement Week, and members of the fire department at a recognition dinner in October, following National Fire Prevention Week.

If you know a police or fire department employee who should be considered for one of these prestigious awards, please nominate them. You can nominate them any time during the year. Please write how you believe they performed exemplary service and return this form to:

Citizens Appreciate Public Safety
P.O. Box 5232
Naperville, Illinois 60567-5232

I'd like to nominate _____ because:
